

SANITOP® UP

Product Ref: 6002

Similar to the original Saniflo Up but allows connection of a WC and a wash basin to one macerator pump. A great choice for a small cloakroom.

NEW

Why choose this product?

- Unobtrusive with a quiet motor
- One top waste inlet
- Easy access for servicing and maintenance
- No need to change the pipework - replaces existing Saniflo products
- Improved design of casing
