1	MAGNA3 D 50-80 F						
	No	te! Product picture may differ from actual pro	oduct				
	Product No.: 97924477						
	The Grundfos MAGNA3 circulator pump is the ideal choice for almost any building project – old or new. With its unrivalled energy efficiency, all-encompassing range and built-in communication capabilities, MAGNA3 is ideal for engineers and specifiers looking to create high-performance heating and cooling systems.						
	integral unit without shaft seal and wit liquid.	n only two gaskets for sealing. The be	so means that pump and motor form an earings are lubricated by the pumped				
	MAGNA3 features an intuitive display giving you access to advanced report						
	The pump includes fieldbus communi relays.						
	components.		ng valves, thus cutting costs on system				
	MAGNA3 is the superior choice for a Mixin	vide range of neating and cooling app ig loops	Dilications, including:				
		ing surfaces					
	Air c	onditioning surfaces					
		nd-source heat pump systems					
	MAGNA3 is a single-phase pump and						
	control box. The pump also has a buil The pump housing is available in both carbon-fibre reinforced, the bearing pl made of aluminium. The power electro	cast-iron and stainless-steel versions	s. The composite rotor can is				
	MAGNA3 incorporates a 4-pole synch characterised by higher efficiency tha controlled by an integrated frequency	a conventional asynchronous squirr	M motor). This motor type is el-cage motor. The pump speed is				
		communication options, including inp most energy-efficient pump range wit					
	Intel	igent control functions iless-steel variant to accommodate do					
	Auto	Adapt Adapt, which reduces the need for th	rottling valves, cutting costs on system				
		oonents ortional-pressure control					
		stant-pressure control stant-temperature control					
		stant-flow control rential-temperature control (requires a	an additional temperature sensor)				
	Con	stant-curve duty mum and minimum curve duty					
		matic night setback

Qty.	Description	
	•	Heat energy monitor
		No external motor protection required
		Innovative clamp ring with only one screw enabling easy repositioning of the pum
		head
		Insulating shells supplied with single-head pumps for heating systems
		Large temperature range due to air-cooled electronics.
