			Date:	20/11/2020					
Qty.	Description								
1	MAGNA3 D 100-100 F								
	Note! Product picture may differ from actual product								
	Product No.: 97924509								
	The Grundfos MAGNA3 circulator pump is the ideal choice for almost any building project – old or new. With its unrivalled energy efficiency, all-encompassing range and built-in communication capabilities, MAGNA3 is ideal for engineers and specifiers looking to create high-performance heating and cooling systems.								
	The pump is maintenance-free due to the canned-rotor type design. This also means that pump and integral unit without shaft seal and with only two gaskets for sealing. The bearings are lubricated by the liquid.								
	giving you access to advanced rep	with the Grundfos GO Remote app, and digital inputs and configurable							
	components.			g valves, thus cutting costs on system					
		lixing loops	ating and cooling appl	lications, including:					
		leating surfaces							
	0	ir conditioning surfa Fround-source heat maller chiller applic	pump systems						
		and characterised b	y having the controller	and control display integrated in the ure sensor.					
	The pump housing is available in the carbon-fibre reinforced, the bearin made of aluminium. The power elements	g plate and rotor cla	dding are made of sta	. The composite rotor can is inless steel and the stator housing is					
	MAGNA3 incorporates a 4-pole sy characterised by higher efficiency controlled by an integrated frequent Features:	than a conventional	ent-magnet motor (PM asynchronous squirre	1 motor). This motor type is Il-cage motor. The pump speed is					
	• \\ T		cient pump range with	uts, relays and fieldbus in the industry					
	S	•		mestic hot-water applications					
	F		duces the need for thre	ottling valves, cutting costs on system					
	C	roportional-pressure constant-pressure co	ontrol						
		constant-temperatur							
	C	ifferential-temperati constant-curve duty faximum and minim		n additional temperature sensor)					
		utomatic night setb	-						

Company name: Anchor Pumps Company Limited Created by: Phone:

		Date: 20/11/2020
Qty.	Description	
	•	Heat energy monitor
		No external motor protection required
		Innovative clamp ring with only one screw enabling easy repositioning of the pum
		head
		Insulating shells supplied with single-head pumps for heating systems
		Large temperature range due to air-cooled electronics.
